The $50M Bottleneck.

40+

Hours per founder

Parsing complex PDFs like Cradle CIP Sprint or Google for Startups.

1,000s

Hours per program

Program managers manually reject ineligible startups, one by one.

Delayed

Capital

Funding is delayed and time is bleeding on both sides.

Every wasted hour is capital not deployed.

Instant Eligibility. Zero Hallucinations.

Meet Startup Gateway. We ingest official program rules and deterministically evaluate startup profiles in seconds using open-weight AI (Gemma 4).

01

Automated vetting

Every profile screened against official program rules, instantly.

02

Evidence-backed matching

Every verdict traces back to the rule it comes from.

03

100% data privacy

Open-weight AI keeps founder data protected.

Unfair Advantage: Open-Source AI on DigitalOcean.

We don’t pay the OpenAI tax.
